Date _____

Ten More Or Ten Less - Step-by-Step Lessons

Find 10 more or 10 less than the number.

A) Write the number that is **ten more** than the number given.

50 _____

25 _____

B) Write the number that is **ten less** than the number given.

38 _____

42 _____

Explanation:

A) If question is asking for **ten more than** the number given then we have to add 10 to the given number or add an extra digit to the **tens place**.

$$50 + 10 = 60$$

$$25 + 10 = 35$$

B) If question is asking for **ten less than** the number given then we have to subtract 10 from the given number or go down one place in the tens place.

$$38 - 10 = 28$$

$$42 - 10 = 32$$
