## Measure the length of an object Guided Lesson Explanation

### Explanation to #1

Step 1) We have to choose the appropriate tool to measure the given object.

“How would you measure the length of your bed?”

Step 2) Look at all the given tools

A yardstick and measuring tape are both tools are used to measure the length. A measuring tape would make it a bit easier though.

A) a yardstick

C ) Measuring tape

### Explanation to #2

Step 1) Find out the object which is measure by the measuring cup.

A measuring cup is used to measure the volume.

Step 2) So, the measuring cup is used to measure a glass of milk. Did the picture give it away?

Glass of milk

Measuring cup
