

Name _____

Date _____

The Tens, Hundred, and Thousands Place - Step-by-Step Lesson

Lesson 1 Solve the following:-

1. 9 thousands = ones.

2. 6 tens = ones.

3. hundred = 50 tens.

4. thousand = 30 hundred.

Explanation:

Step 1) First see what is being asked.

Step 2) Lets review place vale.

1. 1 thousand = 10 hundred
= 100 tens
= 1000 ones

Now figure out how many ones you can make from 9 thousand.

9 thousands = ones.

2. 1 tens = 10 ones

Now figure out how many ones you can make from 6 tens.

6 tens = ones.

Name _____

Date _____
