Guided Lesson Explanation on Position

If we look at how the sentences are planned out, they want us to use the words (below, above, beside, behind, in front of). Let see if we can label them in the picture.

Now let's take our drawing and put it into sentences.

1. The fly/dinosaur is below the kitty/chef.
2. The kitty/chef is above the fly/dinosaur.
3. The dinosaur is beside the fly.
4. The kitty is behind the chef.
5. The chef is in front of the kitty.
