1To10DotToDot Problems- Step-by-Step Lesson

Join the dots from 1 to 10 to make a figure.

Count the numbers aloud as you go from number to number.

Explanation:

In the picture we have ten dots and numbers on dots. To find what in the picture join the dots according to the numbers from 1 to 10.

We say the numbers as we go from dot to dot.

One-Two-Three-Four-Five-Six-Seven-Eight-Nine-Ten

After joining the dots we found a dolphin.
