### Spot All The Differences - Guided Lesson Explanation

I highly recommend drawing a grid over the first picture and comparing each individual box to the other picture. I set this up on number 1 to give you an example.

#### Explanation#1

Step 1)

#### Explanation#2

The 5 differences between the pictures are:

1. A leaf on the coconut tree is missing.
2. The nose line on the left giraffe is missing.
3. The horn on the right giraffe is missing.
4. The branches on the left side are shorter.
5. The ear line on left giraffe is missing.

### Explanation#3

Step 1) Again, grids work great here!

Step 2) 5 differences between both of the picture are:
