## Following Sentence Based Directions - Guided Lesson Explanation

### Explanation#1

We have cricket and baseball bats. The first one, third one and fifth one are used to play baseball. Draw red boxes around them.

### Explanation#2

The first object moves on wheels. The second object does not. The third object moves on wheels. The fourth object does. The last object does not move on wheels. The first object and third objects move on wheels. Draw red boxes around them.

### Explanation#3

Look at the objects and think: "Which one could I possibly eat?" Underline those items.
