

Name _____

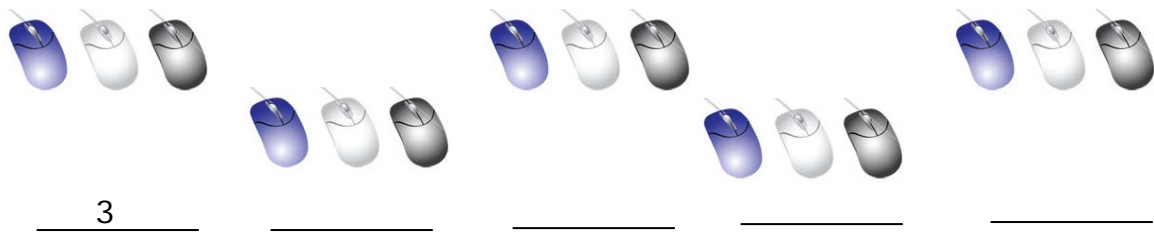

Date _____

Skip Counting By 3s - Guided Lesson Explanation

Explanation#1

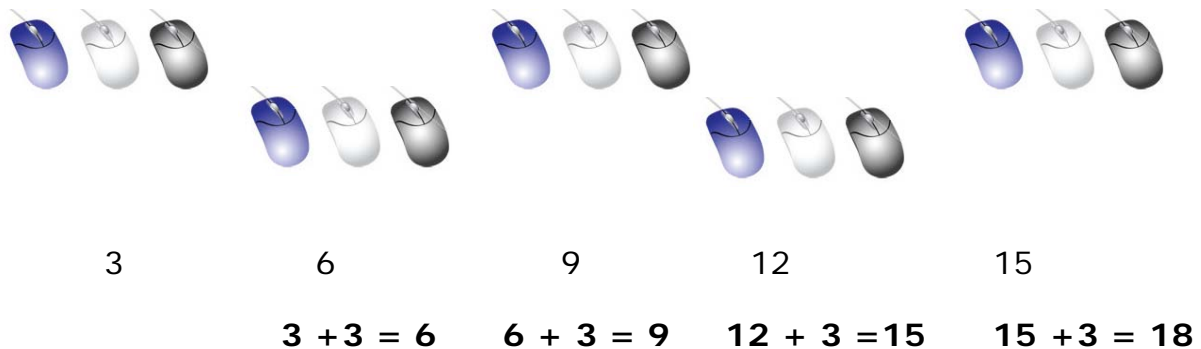

Step 1) First we have to see what is being asked.

"Find the total number of mice counting by 3s."

Step 2) Learning to skip count by 3s means you can count things faster! Start with the number 3 and add 3 to each consecutive box.

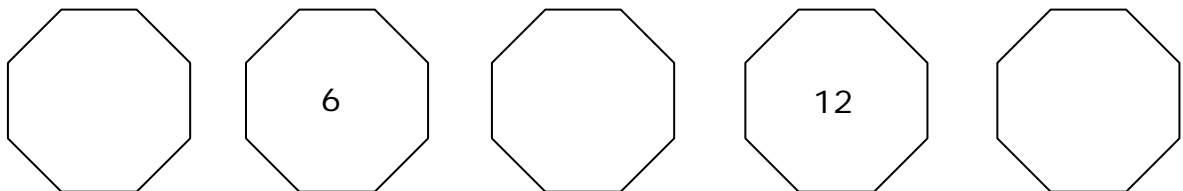

Step 3)

Explanation#2

Step 1) First we have to see what is being asked.

"The series below counts by 3s. Complete the empty boxes."

Name _____

Date _____

Step 2) Learning to skip count by 3s means you can count things faster!
Each box increases by 3 to the right and decreases by 3 to the left.

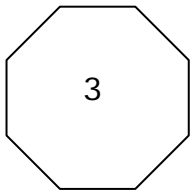

+ 3

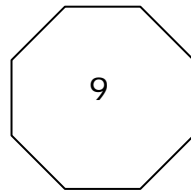

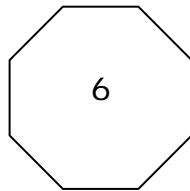

- 3

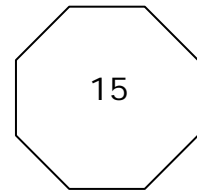

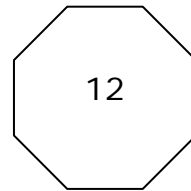

Step 3)

6 - 3

6 + 3

12 + 3

Explanation#3

We follow the same concept as #2.

6	9	12	15	18	21
	6 + 3		12 + 3	15 + 3
