Area and Perimeter of Triangles, Parallelograms and Trapezoids - Step-by-Step Lesson

Find the area and perimeter of each shape.

Perimeter = _____

Area = _____

Explanation:

Step1) First, we should know what is being asked.

Step2) Perimeter = AB + BC + CA

      P= 7cm+6cm+5cm

      P= 18cm

Step3) Area of triangle = $\frac{1}{2}$ x base x height

      A=$\frac{1}{2}$ x 7 x 8

      A= 28cm

So, the answer is 28 cm.
