

Name _____

Date _____

Ordinal Numbers - Guided Lesson Explanation

Explanation#1

We count the cake from the left to right and circle out the fourth cake.

Answer is:

first

second

third

fourth

fifth

Explanation#2

I always like to attribute the words with their respective numbers.

Eighth, Fifth, Seventh, Eleventh, Ninth

8 5 7 11 9

In proper numerical order they would be arranged as:

5, 7, 8, 9, 11

Now just replace the numbers with their actual name.

Answer is: Fifth, Seventh, Eighth, Ninth, Eleventh

Explanation#3

I like to write the order with the numbers first and then convert them to words.

1

first

2

second

3

third

4

fourth

5

fifth

First, second, third, fourth, fifth.
