Write the dollar amount as cents.

$$\$55.50 = \underline{\quad} \text{¢}$$

Solution:

This is 50 dollars. \$50

This is 20 dollars. \$20

This is 5 dollars. It is worth 500 cents. \$5 or \$5.00

This is 1 dollar. It is worth 100 cents. \$1 or \$1.00

This coin is called a dime. It is worth 10 cents or 10¢.

This coin is called a nickel. It is worth 5 cents or 5¢.

This coin is called one cent or a penny. We write it as 1¢.

**Step 1** Since  $\$1 = 100\text{¢}$ , so  $\$55 = 5500 \text{ ¢}$

**Step 2** Also,  $\$0.5 = 50\text{¢}$

**Step 3** Total amount in cents =  $5500 + 50 = 5550\text{¢}$
