**Add and subtract equations with equal sign - Guided Lesson:**

Complete the following problems:

- 1.) Which sign is missing? Write + or - in the blank to make sure that the left hand side is equal to right hand side.

=

- 2.) Read the question and tell is it true or false.

$13 - 4 = 8 + 1 = 13 - 6 + 2 = 5 - 3 + 7 = 9$  ( )

- 3.) How do you make 14? Check the right one.

$7 - 7$

$3 + 8$

$10 - 4$

$9 + 5$
