**Subtraction and Unknown Addends (to 20) Guided Lesson:**

Complete the following problems:

1.) Ryan has to repair 9 clocks. He has repaired 5. How many more does he have to repair?

2.) Lara had a few dolls. Mr. Brown gave her 4 more. Now she has 9 dolls. How many dolls did Laima have to start?

3.) Shana has 4 candles. How many more candles does she need to have 12 candles altogether?
