A Quick Even or Odd Lesson

Is the given number even or odd? Circle the correct option.

3241 Even
 Odd

A number is even if it ends in 2, 4, 6, 8, or 0.

A number is odd if it ends in 1, 3, 5, 7, or 9.

In the above question the number ends in 1. Therefore, the number is odd.
So we circle the correct option as "Odd".
