Working With Ones, Tens, and Hundreds Blocks Worksheet

Find the value of each group of base ten blocks.

The value of these base ten blocks is _____.

Since 1 block of 100 = 100

Therefore, 5 blocks of 100 = 100 + 100 + 100 + 100 + 100 = 500

Now, 1 block of 10 = 10

So, 8 blocks of 10 = 10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 = 80

Also, 1 block of 1 = 1

So, 6 blocks of 1 = 1 + 1 + 1 + 1 + 1 + 1 = 6

To find the value of all these base ten blocks, we add all the values, i.e.,

500 + 80 + 6 = 586

The value of these base ten blocks is __586__.
