

Name _____

Date _____

Count by 5s, 10s, and 100s Step-by-Step Lesson

Count within 1000; skip-count by 5s, 10s, and 100s.

a.) Count by 5s to reach 255 from the starting number.

225 _____ 255

b.) Count by 10s to reach 750 from the starting number.

680 _____ 750

c.) Count by 100s to reach 800 from the starting number.

200 _____ 800

Explanation:

a) In this question we have to count by 5s , it means we add 5 more to the current number.As-

225 230 235 240 245 250 255
 +5 +5 +5 +5 +5 +5

b) In this question we have to count by 10s , it means we add 10 to the current number.As-

680 690 700 710 720 730 740 750
 +10 +10 +10 +10 +10 +10 +10

c) In this question we have to count by 100s , it means we add 100 to the current number.As-

200 300 400 500 600 700 800
 +100 +100 +100 +100 +100 +100
