

# MIXED SKIP COUNTING

You can count things faster by learning to skip count.

## Count by 3s from 7 to 22:

7		13			22
---	--	----	--	--	----

I need to add **3**  
to each number.

$$7 + 3 = 10$$

$$10 + 3 = 13$$

$$13 + 3 = 16$$

$$16 + 3 = 19$$

$$19 + 3 = 22$$
