### Add and Subtract within 1000 - Guided Lesson

Complete the following:

1. Fill in the missing parts.

A)  $623 + \underline{\quad} = 750$

B)  $625 - \underline{\quad} = 425$

2. What is the value of the underlined digit?    241

3. Use addition or subtraction to complete the equation.

$645 + 120 = \quad$      $865 - \underline{\quad} = \quad$
