Kwanzaa Multiplication Equations

Interpret the answer for each multiplication equation by carefully reading each multiplicative comparison.

1. 42 is 7 times as many as _____ and _____ times as many as 7.

2. 36 is 9 times as many as _____ and _____ times as many as 9.

3. 64 is 8 times as many as _____ and _____ times as many as 8.

4. 55 is 11 times as many as _____ and _____ times as many as 11.

5. 32 is 8 times as many as _____ and _____ times as many as 8.

6. 21 is 3 times as many as _____ and _____ times as many as 3.

7. 63 is 7 times as many as _____ and _____ times as many as 7.

8. 108 is 9 times as many as _____ and _____ times as many as 9.

9. 28 is 4 times as many as _____ and _____ times as many as 4.

10. 72 is 6 times as many as _____ and _____ times as many as 6.

Kwanzaa Multiplication Equations

Interpret the answer for each multiplication equation by carefully reading each multiplicative comparison.

1. 42 is 7 times as many as **6** and **6** times as many as 7.

2. 36 is 9 times as many as **4** and **4** times as many as 9.

3. 64 is 8 times as many as **8** and **8** times as many as 8.

4. 55 is 11 times as many as **5** and **5** times as many as 11.

5. 32 is 8 times as many as **4** and **4** times as many as 8.

6. 21 is 3 times as many as **7** and **7** times as many as 3.

7. 63 is 7 times as many as **9** and **9** times as many as 7.

8. 108 is 9 times as many as **12** and **12** times as many as 9.

9. 28 is 4 times as many as **7** and **7** times as many as 4.

10. 72 is 6 times as many as **12** and **12** times as many as 6.
