

Name: _____

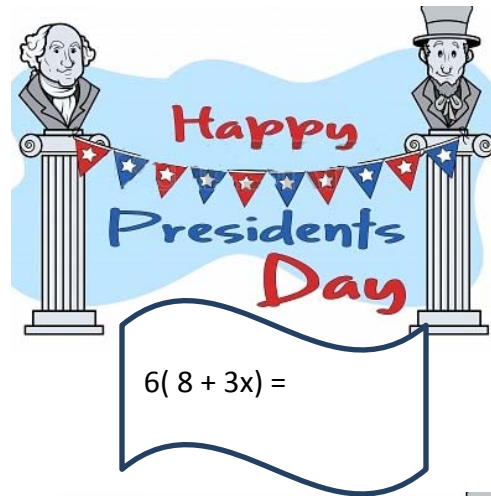

Date _____

Presidents Day Distributive Property Practice

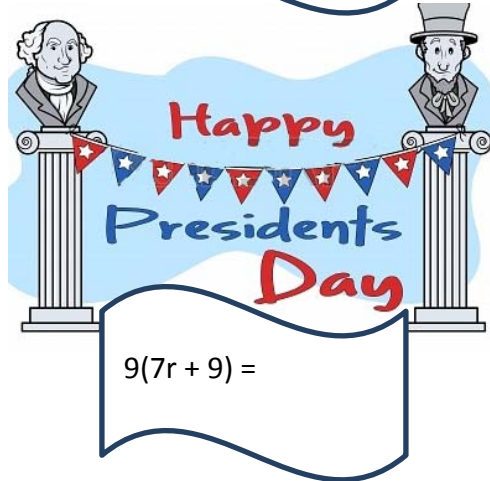

Directions: Apply the Distributive Property Rule to the following problem and solve.

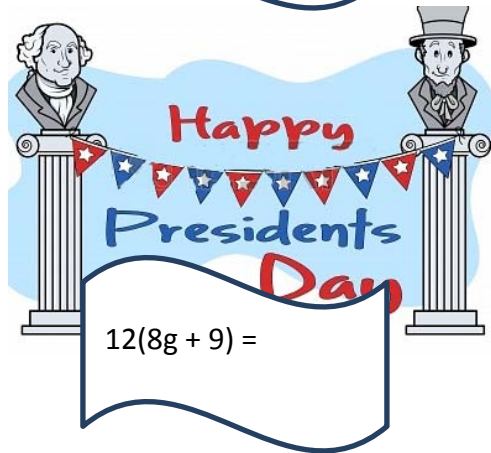

Happy Presidents Day

$$4(3t + 5) =$$

Happy Presidents Day

$$6(8 + 3x) =$$

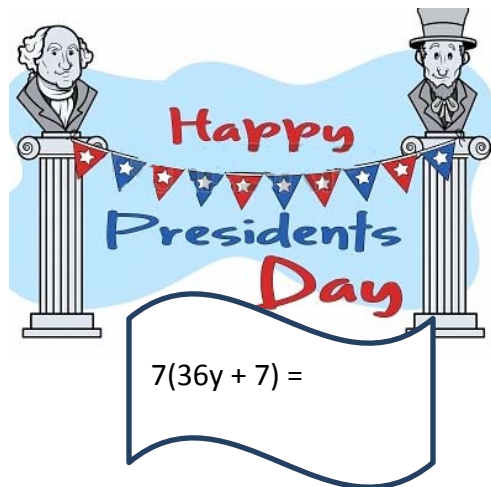

Happy Presidents Day

$$9(7r + 9) =$$

Happy Presidents Day

$$12(8g + 9) =$$

Happy Presidents Day

$$6(24 + x) =$$

Happy Presidents Day

$$7(36y + 7) =$$

Name: _____

Date _____

Presidents Day Distributive Property Practice

Answer Key

Directions: Apply the Distributive Property Rule to the following problem and solve.

$$4(3t + 5) = 12t + 20$$

$$6(8 + 3x) = 48 + 18x$$

$$9(7r + 9) = 63r + 81$$

$$12(8g + 9) = 96g + 108$$

$$6(24 + x) = 144 + 6x$$

$$7(36y + 7) = 252y + 49$$
