**Adding and Subtracting Rational Numbers Step by Step  
Decimal Lesson**

$$-56.8 + 71.12 - 4.982$$

**Explanation:**

Since the operations involved are only addition and subtraction, we will process the operations left to right.

$$-56.8 + 71.12 - 4.982$$

**Add the negative and the positive.**

$$14.32 - 4.982$$

**Subtract**

$$9.338$$
