

Name: _____

Date _____

Sorting Objects into 2 Groups Worksheet

Look at the pictures and sort them into 1 group as given in the table at the bottom. Write each object's name under one part of the table.

 submarine	 bicycle	 helicopter
 ship	 airplane	 train

Land Transport

Look at each picture and determine which of the given means of transportation you find on land.

Of all the above objects, we might see a bicycle and train on land.

So, fill the above table with the data that we have just sorted above.

Land Transport
bicycle train

Practice Problems

Water	Air
_____	_____

Name: _____
