

Name: _____

Date _____

Skill Explored: Counting to 100 (By 1s) Step-by-Step Lesson

Complete the chart by counting to 100 from 0.

1		3				7			10
	12		14				18		
		23		25				29	
31					36				
	42					47		49	
				55					
							68		
		73							
					86				
	92								100

Here Is How You Do It: Let's look at the first two rows.

Step 1. Each box counts as a single number. As you move left to right, count by 1s.

1	▶ 2	3	4	5	6	7	8	9	10
▼ 11	12	13	14	15	16	17	18	19	20

Step 2. As you move down, add ten to the number above the box. These numbers should also follow the same pattern as number 1 above.

Step 3. The pattern repeats through the remainder of the chart. The completed chart can be seen below.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Skill Explored: Counting to 100 (By 10s) Step-by-Step Lesson

Count by 10s from 0 to 100.

0 _____ 100

How Do You Do It?

Step 1. Start at the far left. The problem asks you to count by tens, so add ten to the starting number and write that number in the next slot.

0 **10** _____ 100

Step 2. Continue this strategy through the entire problem.

0 10 20 30 40 50 60 70 80 90 100
