

Name _____

Date _____

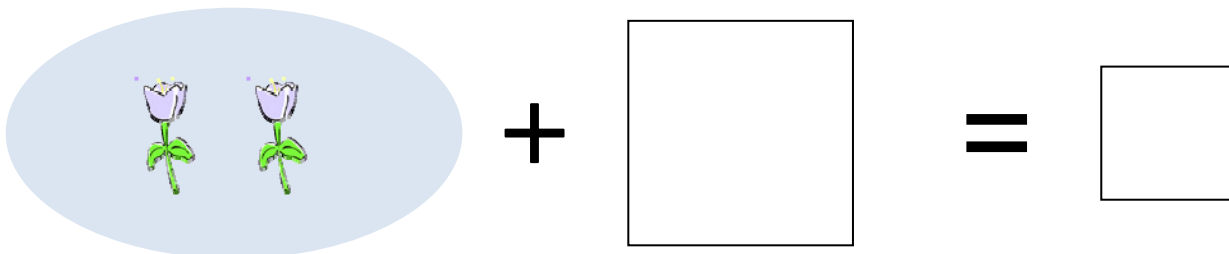

Plus 1 - Guided Lesson

Complete the following problems:

1) Draw 1 more airplane inside the big box. Then, count how many airplanes there are and write the total number of airplanes inside the smaller box.

2) Draw 1 more flower inside the big box. Count the total number of flowers and write the number inside the small box.

3) Draw 1 more apple inside the big box. Count the total number of apples and write the number inside the small box.
