Date _____

Addition Puzzles - Step-by-Step Lesson

		17
		21
12	30	

Explanation:

First we solve the first horizontal row: $12 + 17 = 29$ and $30 + 17 = 47$.

$12 + 17$	$30 + 17$	17
		21
12	30	

Then we solve second horizontal row: $12 + 21 = 33$ and $30 + 21 = 51$.

29	47	17
$12 + 21$	$30 + 21$	21
12	30	

29	47	17
33	51	21
12	30
