Name _____   Date _____

Picture Addition - Step-by-Step Lesson

Look at the number of gifts in each group below and write the addition equation below it.

_____   +   _____   =   _____

Explanation:

We have to count both the groups. Now we found that there are 3 gifts in the first group and 5 gifts are in the second group. So write these values below their respective groups.

Now we have to add 3 + 5

So the answer is:

3   +   5   =   8
