Addition of Triple and Double Digits - Step-by-Step Lesson

Lesson 1 Addition of Triple and Double Digits:

1.		**7**	**5**	**8**
	+		**6**	**4**

Explanation:

We start from the right most side, 8 + 4 = 12. Now write down 2 below the ones column and forward a carry over to the tens column.

```
    1
  7 5 8
+   6 4
_____
      2
```

Then add 5 + 6 + 1 = 12. Now write down 2 below the tens column and forward a carry over to the hundreds column.

```
  1
  7 5 8
+ 6 4
_____
   2 2
```

Then 7 + 1 = 8

```
  7 5 8
+ 6 4
_____
  8 2 2
```

Answer is: 822
