

Name _____

Date _____

Addition of Decimals - Step-by-Step Lesson

Add the following numbers

$$\begin{array}{r} 17.348 \\ + 62.521 \\ \hline \end{array}$$

**Explanation:**

Add as you would add whole numbers. Remember to write the decimal point in the answer. There is no carrying of numbers in this problem, so everything is very straight forward.

	1	7	.	3	4	8
+	6	2	.	5	2	1
	7	9	.	8	6	9

So, the answer is 79.869.
