### Estimating Times- Step-by-Step Lesson

How much time Christina will take to watch a full movie on your computer? Underline the best answer.

Less than 30 minutes

More than 30 minutes

#### Explanation:

The minimum time duration of a **movie** is 1.50 hours or 90 minutes. So it is not possible to watch a movie less than 30 minutes.

So the answer is More than 30 minutes
