

Name _____

Date _____

Calculator Fun - Independent Practice Worksheet

Complete all the problems. Find the words that they spell. Hints are provided for the words.

1. $6^7 + 41,802$ (A country)

2. $4^7 \div 2 - 2,114$ (An online daily journal of your thoughts)

3. $8^3 \times 3 - 803$ (Some can generate electricity)

4. $(19 \times 31) \times 81 - 12,373$ (They fly south for the winter)

5. $83,291 - 1,920 + (9^5 \times 5)$ (You hear these at clown shows)

6. $64 \times 2721 + 102331 \times 2$ (A sound associated with a November Holiday)

7. $5^3 \div 5 - 10$ (A Spanish Word)

8. $(293 - 3^4) + 80 \times 4 + 72$ (Mascot of the University of Arkansas)

9. $(4 \times 7^5) - (12 \times 1,127)$

(Counting your eyes; you have 7 of these on your head)

10. $6^4 \div 4 - 20$ (A rack)
