

Name _____

Date _____

Consecutive Numbers Match

Place the numbers in the following problems from lowest to greatest and mark whether they are consecutive or not. Underline the correct option. (*Yes or No*)

33	35	34	36	37	39	38	40	41	42
----	----	----	----	----	----	----	----	----	----

Yes

No

Step 1: Place the group of numbers above in order from lowest to greatest

33	34	35	36	37	38	39	40	41	42
----	----	----	----	----	----	----	----	----	----

Step 2: Check whether the numbers are consecutive or not. The numbers are consecutive if they are in order or appear one after the other with no number missing in between any of them. In the above question the numbers are in order. So, we underline the correct option as "Yes."

Yes

No
