

Name _____

Date _____

Who Weighs More or Less - Guided Lesson Explanation

Explanation#1

Observe the size of each object in every row, the object bigger in size would be heavier. So circle the bigger object

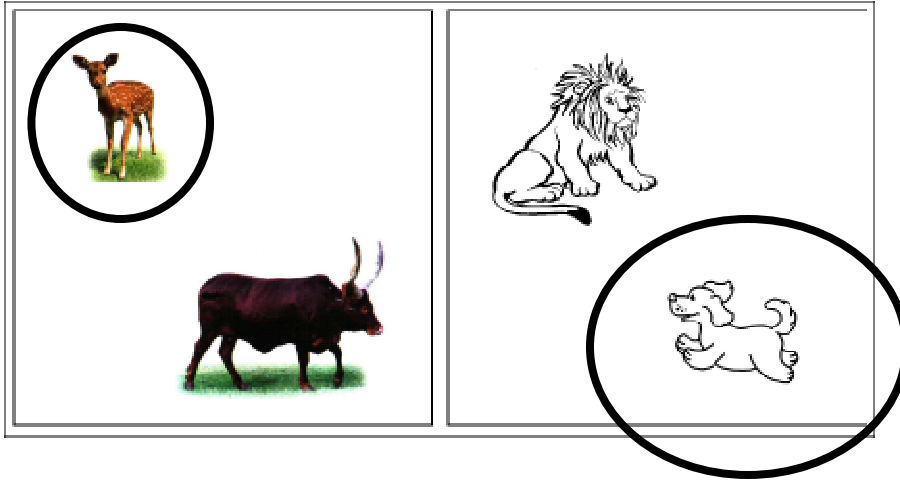

Name _____

Date _____

Explanation#2

Observe the size of each object in every row. Identify the smaller animal in each row.

Explanation#3

Observe the size of each object in every row, the object bigger in size would be heavier.

The Airplane is the biggest, the bull is in the middle, and the computer is smallest. So the order would be 1, 3, 2
