Counting Coins and Bills- Guided Lesson

Complete the following problems:

1) What value of money is shown below?

2) Flora has \$8.60 in her wallet. She has 4 bills and 4 coins. Draw the money using rectangles for bills and circles for coins. Label the value of each bill and coin.

3) Dustin has \$ 4.83 in his pocket. Label the bills and coins below that would give you this value.

T = Ten Dollar Bill F = Five Dollar Bill O = One Dollar Bill
Q = Quarter D = Dime N = Nickel P = Penny
