

Name _____

Date _____

Counting Coins- Step-by-Step Lesson

25¢
quarter

5¢
nickel

10¢
dime

1¢
penny

Count the coins and circle the right answer:

2¢

6¢

8¢

Explanation:

We have to add the two coins value in cents

As we know that 1 penny is equals to 1¢ and 1 nickel is equals to 5¢

$$1¢ + 5¢ = 6¢$$

So the answer is 6¢
