## Counting Pennies and Dimes Lesson

Count and write the total amount in shown below.

In the above question there are 4 dimes and each dime is worth 10 cents or 10¢. Therefore the total of the dimes will be equal to 40¢. The number of pennies is 3. Each penny is equal to 1¢. Therefore the total of the pennies comes out to be 3¢. When we add all the cents, the total comes out to be 43.

### Practice Problems

1	 _____ ¢
2	 _____ ¢
