Name _____   Date _____

Grid Style Multiplication Lesson

Problem:

17
x 9

Step 1

17
x 9

|		
	6	3

Multiply the ones.

7 x 9 = 63.

Write each digit of the product starting from the top most row in the table.

Step 2

17
x 9

|		
	6	3
	9	0

Put 0 below the ones digit in the second row.

Multiply 1 with 9. Write each digit of the product starting from the right (after 0) in the second row of the table.

Step 3

17
x 9

	6	3
	9	0
1	5	3

Add the rows to get the answer.
