## Percentages of Integers (Fraction Method) Guided Lesson

1. 34% of the pizza pies that Lilo sells are pepperoni pizzas. If Lilo sells 282 pizzas in a day, how many of those pizzas will be pepperoni pizzas?

2. What is 37% of 967?

3. Lilo is allergic to mushrooms. His brother Mason has to make all of the mushrooms pizzas that are ordered. 15% of all of the pizzas ordered have mushrooms on them. This month there were 9,456 pizza orders. How many mushroom pizzas did Mason make this month?
