Name _____   Date _____

Three from Three Digit Subtraction - Step-by-Step Lesson

Subtract following:

```
    7    5    8
-   3    4    7
  _____
```

Explanation:

It is always best to subtract starting at the lowest place value to the greatest place value.

	7	5	8
-	3	4	7
Place Value	Hundreds	Tens	Ones
Order	3	2	1

Ones: First we subtract 8 – 7 = 1. Write down 1.

Tens: Second we subtract 5 – 4 = 1. Write down 1.

Hundreds: Third we subtract 7 – 3 = 4. Write down 4.

```
    7    5    8
-   3    4    7
  _____
    4    1    1
```

Answer is: 411
