Date _____

How Many Minutes Until... Lesson

How many minutes until 3:30?

It is 3:00 _____ minutes until
It is 3:10 _____ minutes until
It is 3:15 _____ minutes until
It is 3:25 _____ minutes until

First, look at the watch. It shows the time as 3:30.

It means 3 hours and 30 minutes.

Now, the time given in the problem is 3:00

Minutes from 3:00 until 3:30 = $3:30 - 3:00 = 30$ minutes

Now the time is 3:10

Minutes from 3:10 until 3:30 = $3:30 - 3:10 = 20$ minutes

At 3:15, Minutes from 3:15 until 3:30 = $3:30 - 3:15 = 15$ minutes

And at 3:25, Minutes from 3:25 until 3:30 = $3:30 - 3:25 = 5$ minutes

Answer is:

It is 3:00 _____ 30 _____ minutes until
It is 3:10 _____ 20 _____ minutes until
It is 3:15 _____ 15 _____ minutes until
It is 3:25 _____ 5 _____ minutes until
