

Name _____

Date _____

Minutes to - Guided Lesson Explanation

Explanation#1

Now we will read the time on the clock. It is 04:30.

Then we will count by hours to find 5 hours after 04:30. That will be 09:30.

After then we add 10 minutes to 09:30. And that will be 09:40.

So, the answer is 09:40.

Explanation#2

Now we will read the time on the clock. It is 11:30.

Then we will count by hours to find 1 hour before 11:30. That will be 10:30.

After then we subtract 35 minutes to 10:30. And that will be 09:55.

So, the answer is 09:55.

Explanation#3

Now we will read the time on the clock. It is 10:10.

Then we will count by hours to find 4 hours after 10:10. That will be 02:10.

After this we add 20 minutes to 02:10. And that will be 02:30.

So, the answer is 02:30.
