Minutes to - Step-by-Step Lesson

Read the question and solve.

What time was it 2 hr 30 min ago? Draw that time on the clock.

_____

Explanation:

Now we will read the time on the clock. It is 03:00.

Then we will count by hours to find 2 hours before 03:00.

That will be 01:00.

After then we subtract 30 minutes from 01:00. And that will be 12:30.

So, the answer is 12:30.

Little hand on the 12 and the big hang on the 6 (30 minutes).

Drawing the time on the clock would result in:
